

Using the new MONTAGE online catalogue

Test out the new online catalogue as if it were a customer coming to it for the first time.

You are looking at the test version so you can suggest any changes you like at this stage.

At any time you can click on the home button to return to the main landing page.

Landing page

Look at the different parts of the landing page.

Look at the menu headings – where do they lead?

Scroll down – what other information is on the page?

Is there any important information missing?

Can you easily see what you want to do?
